

Before, there were scorecards. Now, there's **Daily Pulse**.

With Marquis IQ™ Daily Pulse, automatically get critical KPIs into leaders' hands – fast. Measure the heartbeat of your business with intelligence, alerts, and detailed workflows that are baked right in.

Too many businesses are plagued with data in disparate systems: thousands of disconnected Excel reports and no at-a glance visibility on business health. Sure, there may be dashboards keeping score, but behind the screens are misunderstood measurements, highly manual data capture methods, and pockets of hoarded data.

It's time take control. Leave the old scorecards behind and realize the full potential of your data with an instant, integrated, and automated solution that intuitively presents the key information you need right at your fingertips – and drives powerful impact back to your business. With Marquis IQ Daily Pulse, we've redefined what you can expect from your daily business scorecard.

Don't just keep score, win the game.

At-a glance business health, down to the tiniest detail, automatically delivered to your inbox.

Easy to use, easy to access (regardless of your location), with data built around the custom metrics that are meaningful to your business.

Rapid deployment! Out of the box integration with certified connectors gets you up and running in days, not months.

Visually stunning user interface, makes understanding and navigating your data a breeze.
